The book discusses the educational achievements and occupational mobility among the Scheduled Castes in India, the group that is a large section of Indian population (called as Dalit), was deprived of their basic legitimate and human rights to live with dignity. The book shows that, the second generation of Scheduled Castes is highly mobile as compared to their fathers’ generation. It also attempts to measure the impact of Inclusive Policy provided by the Government of India. In this book, author found that, after the religious conversion under the leadership of Dr. Babasaheb Ambedkar, the Mahars converted to Buddhism. Therefore, the Buddhist community is more aware about the occupational development as compared to other communities. Hence, the development of the Buddhists could be treated as an ideal model for all the Backward Classes in India.

This Study As A Part Of People Of Indian Project, Carries An Ethnographic Survey Of 300 Communities In The State Of Karnataka. It Also Sheds Layout On The Languages, Both Belonging To The Dravidian Langauge Family As Also Indo-Aryan Family Spoken In The State. The main
objective of this book is to develop an Ecologically Sound Integrated Energy Plan at district level to arrive at an optimal mix of energy sources that can meet the energy demand in a region by keeping in view the development priorities of the region. The book presents a conceptual design for energy systems which could meet demand of all sectors in a region. The proposed design in principle, supplies enough energy for the sustainable development of a region. The plan proposed is based on the Decision Support System approach (DSS) and is flexible, adaptable and ecologically sound. Contents: Preface; Introduction; Potential Assessment of Wind Energy in Uttara Kannada District; Bioenergy Potential and Prospects; Hydro Energy Potential and Prospects; An Ecologically Friendly Optimal Design of Hydroelectric Projects; Solar Energy Potential and Prospects; Energy Consumption Patterns in the Domestic Sector; Energetics in Paddy Cultivation; Energy Utilisation in Industrial Sector; Integrated Regional Energy Planning; Summary. This Study Is Concerned With The Marriage Of A Number Of Couples From Various Sections Of Society Solemnised At A Time On A Single Platform. It Gives A Detailed Account Of How Such An Experiment Started Some Three Decades Ago And Has Now Become A Most Popular Social Movement In Karnataka. This book should be of interest to students and lecturers in development studies. Predominantly on the social life and customs of the Lambadi (Indic people). A geographical encyclopedia of world place names contains alphabetized entries with detailed statistics on location, name pronunciation, topography, history, and economic and cultural points of interest. Study conducted at the twin cities, Hubli-Dharwad of Karnataka, India. You may have a lot of questions about the art and architecture of Karnataka. There may be queries about the various heritage touring circuits. You might like to understand what went into designing, planning and constructing monuments over a thousand year ago. You may still wish to know how art and architecture progressed during the ancient and medieval times in Karnataka. This book attempts to answer a lot of these questions, for example: 1. What is the name of the first established Village in South India and where is it located? 2. Where did the earliest gold miners live in Karnataka? 3. Which was the first Agrahara
established in Karnataka? 4. Which is the first existing temple dedicated to Siva in Karnataka? 5. Which is the first existing temple dedicated to Krishna in Karnataka? 6. What roles did temples have other than being the places of worship? 7. Which is the first temple dedicated to Rama in Karnataka? 8. What was Karnataka referred to as in the Puranic times? 9. Which is the first existing temple dedicated to Shakti in Karnataka? 10. How old is the Kannada language?
